

COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG)

Home Repair Programs

Contractor Information

The city has vetted and is working with the following contractors on CDBG projects:

Brothers Redevelopment Inc. - Minor Home Repair Program (MHRP)

Brothers Redevelopment, a non-profit organization, has served cities, counties, and individuals with home repairs and modifications since 1971. It is the goal of Brothers Redevelopment and their Home Maintenance and Repair (HMR) department to provide timely, high-quality home repair, accessibility, and home safety rehabilitation for all clients within their communities. They strive for professional and compassionate service. They are licensed and insured. All HMR field staff are RRP certified for Lead-Based Paint Containment and First Aid/CPR. They provide a one-year warranty on all projects covering incorrect installation or poor material quality ¹.

Arapahoe County Weatherization (AC WX)

Arapahoe County Weatherization has been providing energy conservation and health and safety measures to households since the late 1970s. AC WX employees possess over 230 years of combined experience with the Weatherization Assistance Program. Management and supervisors have over 100 years combined Weatherization Assistance Program experience. AC WX's mission is to provide eligible income -e households with quality energy conservation services, in a safe and cost-effective manner. All materials used in providing WX services are covered by manufacturers' warranties only.

Brothers Redevelopment Inc. - Paint-a-Thon Program (PAT) -

Brothers Redevelopment has assisted the elderly and disabled residents in the Denver Metro area for over 40 years with PAT. They have painted the exterior of over 7,400 homes, utilizing more than 133,000 volunteers. Because it is a volunteer-based program, their work does not come with guarantees or warranties. However, trained staff are present at each event and training is provided for the volunteers. The PAT also has the same service provider qualifications as the HMR program described above.
